

## **SURAKSHA CONVEYOR SERVICES – AN INSIGHT**

We **Suraksha**, established in the year of 2016 and we are based at the northern part of Bangalore (India), providing quality services for various kinds of **Conveyor Belts** and **Services** to various types of industries. Quality is more than just our name. At **Suraksha** we strive to be the best in our field and we are equipped with the latest equipment. Our well experienced specialists are trained for installing any type of belt and the peripheral components.

### INFRASTRUCTURE

Our state-of-art Infrastructures plays vital role in writing our story of success, we are backed with all the modern equipment and techniques required for providing world class. Our result oriented approach has assisted us in meeting the exact requirements of the clients.

### MOVING WITH TECHNOLOGIES

Started in early 2010 with a small team of 4 people, our work force has increased manifold. Besides regular full-time employees. We work with select consultants, who are experts in their area.

We take great pride in our ability to provide end to end services not only in Bangalore and other states in India like Odissa, Gujarat, Vishaka Patnam, Andhra Pradesh, Tamilnadu, Himachal Pradesh, Maharastra, Madhya Predesh, Meghalaya, Calcutta, Rajasthan and Punjab etc. This is as a result of our capable and resourceful workforce.

Our employees go through regular training and coaching, so that they are fully aware of the existence and functioning of all the latest technological advancements. Besides this our staff is also encouraged to attend personality advise. All these helps to create an efficient environment with confident and sure-footed employees, who are ready to show their capabilities to the world.

## OUR STRENGTHS

For us our strength is our Zeal to Provide excellent quality services to the clients and Emerge as the best service provider in industry. We do have our own **Machine with Belt Width of 2000mm & Splice length of 1350 mm.**
